Dear Friend,

As you read this, New England Rare Coin Auctions' Bicentennial Publick Rare Coin Auction, Part I, is about to become history. We hope that you are among those planning to be in historic Boston at the Colonnade Hotel on March 26 & 27 to participate in our exciting unrestricted mail & floor bid auction.

If not, we hope that you will be participating via mail bid and that you'll be with us "in spirit." As this is an unreserved mail & floor bid auction, all coins will be sold to the highest bidder, unreserved.

We think this is an important point, for it means that when you bid at a New England Rare Coin Auctions sale, you can be assured that you are bidding against a legitimate bid and not one that is pre-arranged. This is an unreserved public auction, as are all NERCA Auctions.

While we put the finishing touches to Part I, we've already received consignments for Part II, to be held July 23 & 24 at the Colonnade. Look for our ads in Coin World, Numismatic News, The Numismatist and Paper Money. If you would like to consign,contact Lee J. Bellisario at our toll-free WATS line, 1-800-225-3858; in Massachusetts, call 617-879-7711.

New England Rare Coin Auctions is a vital part of New England Rare Coin Galleries. It represents a significant way of working closely with our clients to give them an important means by which to sell their numismatic material on a national level. This affords them the opportunity to realize the highest return on their numismatic investment.

Thank you for your continued support.

Best regards,

Jim Halperin

THE NERCG GRADING GUARANTEE

A Meaningful Guarantee Backed By Careful Grading

Any coin purchased from New England Rare Coin Galleries after December 31, 1975 will conform to the official standards of the American Numismatic Association's Grading Board as soon as the Board is operational. Mention of all significant defects on coins offered are to be included in these standards. We guarantee to replace and/or issue a refund for any coin which does not meet the standards of the Board, within 30 days of our notification of the Board's decision.

Should a coin sold by NERCG fail to meet with the Board's standards, we will do one of the following:

(1) Refund the complete purchase price as well as the Grading Board fees and all postage, or

(2) Find you a suitable replacement and still refund the Grading Board fees and all postage.

The authenticity of all coins sold by New England Rare Coin Galleries is permanently guaranteed. As proof of our certainty that no non-authentic coin will ever escape our notice, we guarantee not only full refund, of course, but an additional payment of 10% of sale price per year.

We further guarantee to fully and accurately describe any serious nicks, scratches, cleaning, polishing, weak strikes or any other serious impairments.

In our opinion, grading should NOT be a matter of opinion. However, even the most experienced and careful grader will make some mistakes. All members of our staff, therefore, have been instructed not to offer for sale, or to send out any coin, unless they agree with the grading.

QUANTITATIVE GRADING SYSTEM

This system provides a more precise method of helping the buyer ascertain the exact condition of those coins in which he has an interest. It is basically patterned after Dr. Sheldon's quantitative scale which he he developed to grade large cents. The system has been almost universally adopted in recent years and is now used to describe all denominations and series from Colonials to Pioneer Gold. The numbers used in this grading system are as follows:

Poor	1	Fine	12-15
Fair	2	Very Fine	20-25-30-35
About Good	3	Extremely Fine	40-45
Good	4-6	About Uncirculated	50
Very Good	8-10	Borderline Uncirculated	55
		Uncirculated	60-65-70

As an example of how this works, a coin which just meets the minimum requirements for Very Fine would be graded Very Fine–20. A slightly better piece would be graded Very Fine–25. A coin which would previously be graded as Very Fine to Extremely Fine would be a Very Fine–30, while a coin that falls just short of the Extremely Fine grade would be graded a Very Fine–35. In some cases, a plus sign (example: VF/EF–35+ is used to denote that a coin is very close to the next highest numerical grade.

This grading system has been used mainly on U.S. coins only. Conventional grading has been used for the most part on foreign coins and currency.

We caution that all dealers' grading, numerical or otherwise, is NOT the same as ours. Many buyers have the mistaken impression that any dealer that grades numerically, grades correctly. If our MS–60 is priced higher (or lower for that matter) than another dealer's coin, we still suggest some comparison shopping to determine which is the best value. We think our grading is the most conservative and consistent in the industry . . . but we don't expect you to take our word for that. Compare our coins with those advertised elsewhere and see for yourself!

CHOICE COINS FROM NEW ENGLAND'S LARGEST AND MOST ACTIVE RARE COIN DEALERSHIP

OUR POLICY

Here at New England Rare Coin Galleries, the emphasis is always on quality since we believe that top quality more than pays for itself in the long run. If you agree with our philosophy, then we surely have what you are looking for!

QUALITY AND VALUE

We grade all of our coins accurately and conservatively, and if there is any doubt, we always grade in the customer's favor. Quite often our "AU" coins will be equivalent to, or better than, coins offered as "BU" or even "Choice BU" by some other coin sellers. All coins are described as fully and accurately as possible and since we don't believe in pushing grades or ignoring defects, weak strikes, minor scratches, nicks or signs of cleaning are always mentioned.

This is why our prices may seem higher at times, so if you are shopping prices, make sure you shop grading standards as well. An overgraded coin is seldom a bargain, even at so-called "bargain" price.

The very fact that many of America's leading and most knowledgeable dealers, collectors and investors continue to buy at an ever increasing rate from NERCG, should be testimony to the fact that we do indeed offer you the best possible value per dollar spent on today's market.

EXPERTISE

Our staff is comprised of some of America's finest and most knowledgeable numismatists who can guarantee authenticity because they know the difference. In fact, members of our staff are often called upon as consultants in authentication by museums, government agencies and other coin dealers. Members of our staff stay in constant touch with the coin market by attending virtually every major coin show and many major auctions. We are members of the F.A.C.T.S. national teletype circuit and thus have extensive direct contact with all aspects of the rare coin market. We understand the true values of rare coins which gives us the ability to offer our customers meaningful advice as to which coins are likely to prove to be the best possible investment. Rather than base our advice solely upon mintage figures which can be misleading, we prefer to base it upon **true** rarity, current demand versus anticipated future demand, past performance and several other aspects of market trends.

With our help, our customers have made tremendous profits by investing in rare coins. In fact, the gains made by our investment clients have far outpaced the coin market in general.

PROFESSIONAL INTEGRITY

New England Rare Coin Galleries' reputation for delivering quality, value and service is second to none and has made us one of the most respected names in the industry.

Members of our staff are in good standing of such national numismatic associations as A.N.A., B.R.N.A., C.S.N.A., G.E.N.A., M.A.N.A., R.C.D.A. and many others. Also, for the past three years, our firm has received the Krause Publications (Publishers of "Numismatic News" and "Coinage" magazines) Customer Service Award.

We consistently offer correctly graded coins at fair prices because at NERCG, we are looking for long term repeat business, not one time sales. Our policy of offering sincere advice to our clients, rather than touting the investment potential of coins we don't really feel are good values, has paid tremendous dividends to our clients and ultimately to ourselves as well.

SERVICE

We are here to meet your every numismatic need and can offer you competent advice on virtually any aspect of numismatics or the rare coin market. We are always in a position to obtain the items you desire for your collection or portfolio.

We feel that our mail order service is unsurpassed in the rare coin industry since all orders are processed and mailed to you the same day they are received. All packages are shipped fully insured or registered and all non-local orders are sent via AIR MAIL. We know you don't like to wait any longer than necessary to receive your coins and that is why filling your orders quickly and efficiently is so important to us. If you try our service, we guarantee you will be pleased.

WANT LISTS

Nearly half the coins we handle never appear in an advertisement or catalog. Instead, they are sold immediately upon purchase to customers who have sent us their want list, since at NERCG, want lists are serviced, not ignored. If you are looking for a particular coin, or coins in a particular grade, please send us a list and we'll do our best to locate them for you. Of course, there is never any obligation on your part.

INVESTMENT COUNSELING

Members of our staff are always in a position to advise you as to the coins, which, we feel, will offer you the best return per dollar invested based on your anticipated holding period. We are extensively involved in all phases of the coin market and no one is more qualified than we to recognize truly scarce and underpriced numismatic items.

Although we do not recommend the purchase of rare coins as a short term investment, we feel that for long term investment, no better medium exists. Investment packages can be tailor made to your individual needs and if you would like to discuss this service, please call us.

SELECTION

We actually have greater difficulty in purchasing quality coins than we do in selling them. Fortunately, our sources in this regard are nearly unsurpassable. Many of America's leading dealers and collectors regularly call on us with rare and desirable numismatic properties. Our high volume, low margin of profit business allows us to pay competitive and often record breaking prices for rare coins.

Members of our staff attend virtually every major coin convention and examine several million dollars worth of coins each week so that we may bring our customers the very best values from other dealers' inventories.

As a point of interest, we do not hold back portions of our inventory and keep the best investments for ourselves as many dealers do, since we feel that our valued customers deserve to profit from this incredible market. In fact, all of our new purchases are immediately available for sale as soon as we catalog and price them.

Our inventory, which consists of approximately two million dollars worth of numismatic United States coins alone, is one of the largest and most comprehensive in the nation. Our business is to meet our clients' needs and we think we do an excellent job of it.

ALTERNATE CHOICES

We attempt to price and grade all our coins to be outstanding values, so naturally, choice, desirable coins that are priced to sell (and most of the coins which we offer for sale fit into that category) cannot be expected to remain unsold for long.

Invariably, when we publish our advertisements and catalogs and price lists, we will get multiple orders — often as many as 10 or 15 orders for the same coin. Since nearly all items are one or two of a kind, we often must disappoint our customers with "sold out" letters and refund checks. This is certainly regrettable, but the alternative of pricing our coins higher to avoid multiple orders doesn't appeal to us, nor would we expect it to appeal to our customers.

Therefore, all we can advise is to please order as soon as you can and list second choices if possible. Naturally, we will never use your second choice listing unless we are sold out of your first choice.

TELEPHONE SERVICE

You may reserve any coins from our advertisements or catalogs by telephoning us Monday through Friday between 9:00 a.m. and 6:00 p.m., E.S.T. at (617) 879-7711. On orders of $100 or more, you may use our toll free WATS line (800) 225-3858 from anywhere in the Continental United States except Massachusetts.

MASTER CHARGE and BANKAMERICARD are welcome, however, we request that you send a written order, which must contain your signature as it appears on your card along with all the raised information. You may call to reserve items to be paid for by credit cards, but the coins will be held pending receipt of your written order.

TERMS OF SALE

1. Please enclose full remittance with your order unless you have previously established credit with us. Massachusetts residents only, please add 5% sales tax or else furnish us with your tax-exempt resale number. An immediate refund will be sent on all items which have already been sold.

All coins carry a lifetime guarantee of authenticity and are backed by our Grading Guarantee.

4. All items are subject to prior sale and all prices are subject to change without notice. This listing cancels all previous prices for any item listed here.

6. You may examine coins in person at our office which is conveniently located off Exit 12-W of the Massachusetts Turnpike, directly behind the Sheraton-Tara Hotel. ARE YOU AN INVESTOR?
If you are buying coins for long term capital appreciation, New England Rare Coin Galleries can give you meaningful advice and help you make the right decisions. We were pioneers in the rare coin investment field. If you are considering making an investment, call us and ask to speak to Edward Lee.

EARLY HALF DIMES

1801 BORDERLINE UNC. (55). Characteristic weak areas as struck. Graded by the most conservative of standards. This coin has absolutely no discernable wear and we feel that the reverse is strictly mint state. The coin possesses full mint cartwheel lustre, and no defects, adjustment marks, rim nicks, scratches or imperfections of any kind. Taxay (Scott's Encyclopedia) lists this coin as unknown in UNC, extremely rare in EF! We are certain that this is the finest known example of this issue, and indeed we have not seen one that even approaches it in grade. This coin presents a once-in-a-life time opportunity for the half dime specialist It is far superior to examples of this type that we have seen offered as Choice BU! Examine this coin and you will keep it. We feel it is a superb value at only 7,750.00

EARLY HALF DOLLARS

1795 FLOWING HAIR EF-AU (45+). O-116 (R-6), Warmly toned with about 50% original lustre. . . . . ,2,450.00
1796 15 STARS CH. AU (50+). P-L. Don't let our conservative grade fool you — this is traditionally one of the most overgraded of all U.S. type coins. The present coin is fully prooflike with full denticles and partically raised edges. Attractive blue-green toning. Exceptionally well struck with 100% full hair detail, stars, wing and tail feathers and eagles head. Nearly 50% full breast feathers. No adjustment marks or defects and probably no actual wear; just the barest of friction in the fields and on the very highest points. In our opinion, there are only two real Unc's of this type (and only one of this date) in collectors or dealers hands. Both coins are in the collection of Lelan Rogers. Of all the so-called Proofs and Unc's of this type offered in the past 5 Years, this is the only one we have considered to be strictly AU! This is easily the finest small eagle half dollar to be offered for sale in the past five years. The dealer we purchased this from graded it Gem Unc and second finest known. We agree with the latter part and we are proud to offer this coin properly graded as Choice AU. When you see the coin you'll realize that our price is very reasonable. 40,000.00
1806 PT.6, STEM THROUGH CLAW AU (50). Lustrous, but weakly struck on the obverse as usual. 550.00

WANT LISTS

Nearly half of the coins we handle never appear in advertisements or catalogs. Instead, they are sold immediately to customers who have sent us their want lists, since at NERCG, want lists are serviced, not ignored. If you are looking for a particular grade, please sent your list to Chris Tracey and he will do his best to locate them for you. Of course, there is never any obligation on your part.

CONSIDERING SELLING? CONSIDER PUBLIC AUCTION! If you have a collection of coins consisting mostly of individual items worth $100 - $1000 or more, you may do better at public auction. Frankly, there are cases where public auction is NOT the way to go. But in many cases, you CAN realize the best possible prices via the auction route. We will be happy to discuss the dispersal of your holding and give our recommendations. Complete auction service is available through our affiliate company, NEW ENGLAND RARE COIN AUCTIONS. CALIFORNIA GOLD

All coins have been attributed to Kenneth Lee's book, "California Gold".
The rarity scale can be interpreted as follows:
Rarity 4 ..... 1 to 3 pieces known
Rarity 3 ..... 4 to 5 pieces known
Rarity 2 ..... 6 to 7 pieces known
Rarity 1 ..... 8 to 10 pieces known
In cases where no rarity number is given, the coin can be assumed to be relatively common. Of course, some will be much more common than others.

A WORD ABOUT QUALITY VS. PRICE
All coins sold by New England Rare Coin Gallereis are graded by the strictest of standards, and priced competitively. However, at times our prices may seem higher than those of other dealers. The fact is thatt there is no Santa Claus in numismatics (as Virgil Hancock so often said). Always beware of a coin at a seemingly "bargain price" for it will seldom turn out to be what it is supposed to be. When you order from us, you are assured of a CORRECTLY GRADED coin at a fair price, every time.
